25X1

1. In order to carry out the spirit of the Director's instructions concerning the employment of consultants, the Deputy Director (Administration) feels that the employment of the other categories of personnel listed above should be subjected to careful scrutiny.

2. Accordingly, in order that the use of the categories of covert associate and covert specialist not violate the intent of the Director's instructions, you should carefully examine each request for action under those categories. If, after discussions with the requesting office, you believe such request to be questionable, you should forward it, with appropriate comment, to the Deputy Director (Administration) for review.

3. Reference (c) is hereby rescinded and should be destroyed
